Evince Document viewer keys

CONCEPTS

Evince is read-only: it views PDF, PostScript, DjVu, XPS and comic books, and can add notes and highlights or fill forms, but not edit text.

Shortcuts are GNOME defaults on Linux; on Windows builds some differ. Many keys live in the header bar menu too.

Presentation mode is a separate key set from the normal view: Space and arrows change slides there instead of scrolling.

NAVIGATION

Ctrl + Page › Down / Ctrl + Page › Up
Next / previous page

Ctrl + Home / Ctrl + End
First / last page

Arrows Scroll the page

Ctrl + L
Select page number
