NeoMutt Terminal email client

CONCEPTS

Keys depend on the screen: the index lists mail, the pager shows one message, compose edits one. Press ? on any screen for its live key list.

Index message list
↓ Enter
Pager read one mail
↓ r / m
Compose headers, attach
↓ y
Sent back to index

Deletes and flag changes are only marked until you sync with $ or leave the folder; u undeletes before that.

MOVING AROUND

j / k
Next / previous message

Enter
Open the message

Space
Page down, then next message

q
Leave pager or folder, then quit

Tab
Next new or unread message
